

WINTER BREAK ACTIVITY:

X-59 Snowflake Patterns

Paper snowflake template and die/laser cutting and engraving files available on page 2.

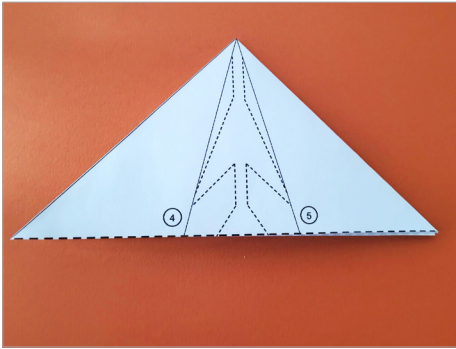

INSTRUCTIONS: (See page 2 for images)

1. Cut around the outside of the square (line 1).
2. Fold the square in half diagonally, along line 2. Make sure you fold it so the side with the number is on the outside.
3. Fold the triangle in half along line 3. Make sure you fold it, so the outline of the plane is visible after folding.
4. Fold along line 4, making sure that the outline of the plane is visible after folding.
5. Fold along line 5, making sure that the outline of the plane is visible after folding. Cut the bottom of the tail.
6. Cut along the dashed lines. Be sure to leave the space on the wingtips.
7. Carefully unfold.
