PART 1 - TASK ORDER INFORMATION

Contract No: NNA13AB88C		Contract Title: ACITS 3 NASA AMES		
Date: 8/17/2017		Task Title: Code I PMO Operations		
Task Order No.: I48	Task Mod No.: Original	Service Request No.:	Customer Code: NASA/Ames Research Center	SOW Reference: C.3.1.1.1
Order Type: Cost Plus Fixed Fee		Funding Level: Task Level Funding		
Task Requester Email: (b) (6)		Name: Keith Shackelford		Phone: (b) (6)
Financial Manager Email: (b) (6)		Name: Rafael Medina		Phone: (b) (6)
Computer Security Officer Email: (b) (6)		Name: John Nguyen		Phone: (b) (6)
Task previously covered by another contract other than predecessor to incumbent? (If YES, provide in SOW)				YES
Does the task require access to government databases? (If YES, indicate in SOW)				YES
SECTION 508, ELECTRONIC AND INFORMATION TECHNOLOGY ACCESSIBILITY COMPLIANCE (EITAC)				
Does the task include EIT items? (Please review the EITAC documentation)				NO
<p>Upon receipt of this task order request, the contractor shall review the task requirement(s) and inform the Government, as part of its task order/modification response, any discrepancies between standards initially cited and those the contractor proposes to deliver to the Government. Examples of discrepancies include ODCs for which some other standard might be or become applicable and, as a result, require citation in the task order, as well as any cited standards that the contractor believes is not applicable (provide rationale). Note: If, by mistake, the task, including and ODC of the task, should not meet an applicable standard not cited by the requester, it is the requester, not the contractor who is a fault; and the requester must find a way (e.g., by modifying the task request) to bring the task into compliance. In such cases the requester shall complete the required agency forms (or equivalent) before the task order/modification is approved.</p>				
GOVERNMENT FURNISHED EQUIPMENT (GFE)				
<p>Government will provide all appropriate equipment and software necessary for the performance of this task unless otherwise noted in this task order. The contractor, in accordance with the contract can acquire equipment not presently available as GFE. Equipment identified as task unique will be expensed to the task in accordance with ASRC Federal Accounting policy, and will be defined as GFE in the Government inventory. All other equipment purchases will be depreciated and become contractor property. The contractor shall follow agency rules regarding assignment of government owned equipment and other government supplied equipment. The contractor shall provide information, such as, Property Assignments, Property Location and Unused Equipment, upon request.</p>				
AFFIRMATIVE PROCUREMENT (See http://www.epa.gov/cpg/products.htm)				
<p>The item(s) being purchased are NOT on any of the EPA's Comprehensive Procurement Guideline lists. - AND -</p> <p>They meet the minimum recycled/recovered content.</p>

Statement of Work - Requirements, part 1:

This task is to provide support for the project management office.

Statement of Work - Requirements, part 2:

Generally, upon request from the Task Requester, the task will provide a project managers to execute project management, planning, and scheduling support for Code I projects. The A project managers will work with the Civil Servant in-charge of the project in identifying, detailing, and documenting project requirements, and coordinate technical requirements with the technical teams. The A project managers will provide project facilitation for projects managed by a Civil Servant. The A project managers will be responsible for developing project plans that will establish an overarching implementation strategy and management framework. The task will create project documents to be based on the format and content specifications contained in the NASA Procedural Requirements (NPR) 7120.7. Major elements of the project plan will include project objectives, implementation strategy, management structure and authority, roles and responsibilities, high level resource and schedule projections, and management control processes. During the schedule development, the task will work with the project team in defining a detailed WBS sub-task structure, identifying personnel responsible for each WBS element, and identifying schedule activities, durations, and required interdependencies. The task will work with the Task Requester and Civil Servant functional lead to establish key milestones to facilitate analysis and reporting back to the stakeholders. The task will provide a schedule that has a critical path and key milestones identified. The task will perform risk management to identify and mitigate the risks specific to each project. The project managers will escalate issues and risks as appropriate and convey concerns to PMO and functional lead as appropriate. The project managers will provide timely, accurate status of the project to the PMO as required. The task will ensure that all project managers attend required PMO trainings and comply with PMO tools.

Government Furnished Property:

Government will provide all appropriate equipment and software necessary for the performance of this task unless otherwise noted in this task order. The contractor in accordance with the contract can acquire equipment not presently available as GFE. Equipment identified as task unique will be expensed to the task in accordance with ACITS3 accounting policy, and will be defined as GFE in the Government inventory. All other equipment purchases will be depreciated and be contractor property. The contractor shall follow NASA Ames rules regarding movement and assignment of government owned equipment and ODIN supplied equipment and provide information upon request for the following: Property Assignments, Property Location, and Unused Equipment.

IT Security Requirements:

a. Are this task's activities covered under an organizational IT Security Plan?: YES

b. Does this task support applications that have been designated as a "Special Management Attention" application?: YES

If yes, please describe:

c. Is specialized security training required?: NO

If yes, specialized training requirements are described as follows:

d. Is a security clearance needed for any personnel on this task? YES

If yes, what level of clearance is required?:

All persons charging to Charge Points 012 Security Ops Centr (SOC) are required to have, at minimum, a SECRET security clearance. Some positions will require TOP SECRET and SENSITIVE COMPARTMENTED INFORMATION (TS/SCI) clearance as identified by the Task R

e. IT Security Deliverables associated with this task:

- IT Risk Assessment: YES
- IT Security Plan: YES
- IT Contingency Plan: YES
- IT Security Vulnerability Test Results: YES
- Results of Periodic IT Security Reviews: YES
- Other Documentation as Follows: Report of Status of IT Security Plan, Contingency Plan, and Risk Assessment of Critical Services: YES
- Other Documentation:

Report of status of IT Security Plan, Contingency Plan, and Risk Assessment of critical services provided by Code I

IT Security Requirements (Continued):

- f. Periodic reviews of IT Security measures are necessary. What is the role of the contractor under this task in areas such as review of user accounts, account management, data backup and restoration, use of warning banner, use of encryption, vulnerability scanning, and security tools?**

Task must execute all activities described in System Security Plan.

- g. In the event of an IT Security incident associated with systems and data under this Task, the Chief Information Security Official, the Security Operations Center (SOC), and the Task Requester are to be notified immediately by the contractor. In order to ensure full coordination, the following individuals also are to be notified:**

Title	Name	Phone
System Owner (Responsible for the applicable IT Security Plan)	Ken Freman	(b) (6)
Organization's Computer Security Official	John Nguyen	
Alternate System Owner	John Wang
