RHODE ISLAND

There is 1 NASA Federal job and 53* contractors in the state of Rhode Island.

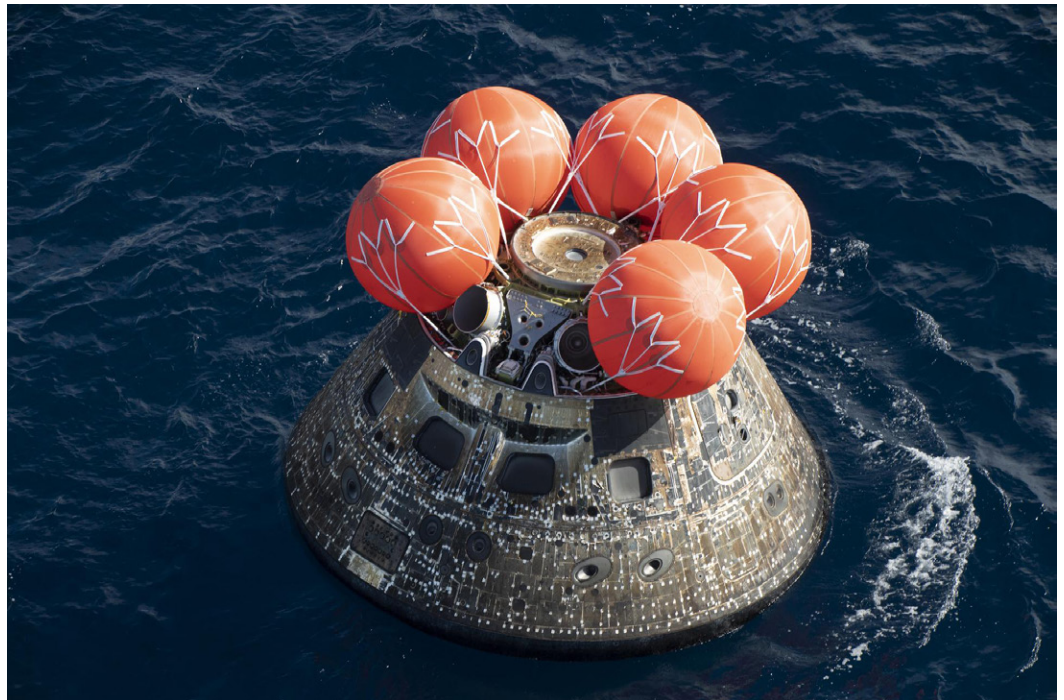

For every NASA federal job located in Rhode Island, an additional 85** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA federal jobs, an additional \$31.6** million worth of output is sustained throughout the state economy.

* Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

** Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

NASA Astronauts (Former)

William Readdy

Three Rhode Island suppliers contributed to NASA's Artemis program. An example of the state's contributions is providing highly sophisticated computer systems that receive information from sensors on the Orion spacecraft. Some of these sensors are used to provide data on the physical and electrical conditions of Orion during splashdown.
