NASA JOBS SUPPORTED

There are 4 NASA federal employees and 107 contractors* in the state of Maine.

For every NASA civil servant job located in Maine, an additional 47** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$21.8** million worth of output is sustained throughout the state economy.

19 Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them
