NASA JOBS SUPPORTED

There are 5 NASA federal employees and 430 contractors* in the state of New Hampshire.

For every NASA civil servant job located in New Hampshire, an additional 134** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$65.4** million worth of output is sustained throughout the state economy.

⁽⁹⁾ Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.
⁽⁹⁾ Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: https://biog.implan.com/understanding-implan-multipliers
