ROCKON 2025

REGISTRATION CLOSES ON:

February 14, 2025

RockOn! is a hands-on workshop teaching participants how to create a sounding rocket experiment from scratch over a 5-day period and then launching it into space on the 6th day of the workshop. This is a team experience and takes place at Wallops.

The workshop is designed for college students and faculty. There are no prerequisites for participants. Anything needed to be successful at the workshop will be taught at the workshop. The workshop is expected to take place from **June 20- 25, 2025** with launch expected on **June 26, 2025**.

Team size is 3 people (2 students and 1 faculty member). Each team builds one RockOn experiment. All experiments will fly on the rocket and into space. You must sign-up as a community college or university team; no individual registrations will be accepted. Please note that RockOn will be limited to 28 teams. Teams will be able to apply up to the deadline, followed by a down select.
