MISSION

NASA Mission Directorates

How We Do Business

Aeronautics Research

Research directly benefits today's air transportation system, the aviation industry, and the passengers and businesses who rely on aviation every day.

Exploration Systems Development

Responsible for the progress in designing and building capabilities to explore a variety of deep space destinations.

Space Operations

Responsible for enabling sustained human exploration missions and operations in our solar system. NASA's Space Operations Mission Directorate (SOMD) manages NASA's current and future space operations in and beyond low-Earth orbit, including commercial launch services to the International Space Station.

Science

Engages the Nation's science community, sponsors scientific research, and develops and deploys satellites and probes in collaboration with NASA's partners around the world.

Space Technology

Technology drives exploration to the Moon, Mars and beyond. NASA's Space Technology Mission Directorate (STMD) develops transformative space technologies to enable future missions.

Mission Support Directorate

Provide effective and efficient institutional support to enable successful accomplishment of NASA mission objectives.

JSC Mission

International Space Station

Commercial Crew

Commercial Low Earth Orbit

Orion

Human Landing System

Commercial Lunar Payload Services

EVA and Human Surface Mobility

Gateway

Moon to Mars

Human Spaceflight Research

Enterprise Service Delivery Model

Goal

Use set-aside for Product Service Lines (PSLs) to increase contract opportunities for underserved communities.

*To date 75 contracts awarded

27

Service Lines of Effort

Enable

Increased SB and SDB dollars

*OMB approved the NASA PSL Service Delivery Model as Tier 1 Spend Under Management designation (April 2023)

Enterprise Service Delivery Model for Product Service Lines (PSLs)

PSLs with SB/Ability Awards	
Acquisition Support Service	8(a)
Administrative Services	8(a)/Ability One
Communication Services	8(a)/SB
Custodial Services	8(a)/SB/Ability One
Financial Support Services	SB
Grounds Maintenance Services	8(a)/SB/Ability One
Human Capital Services	SB/multiple awards
OSTEM	8(a)/SB
Project Planning & Control Services	SB
Protective Services	8(a)

PSLs with Large Businesses	
Propellants	

PSLs with combination of SB & Large Awards	
A&E Services	SB/Large
Aircraft Operational Services	SDB/SB/Large
Construction	8(a)/SB/Large
Engineering	8(a)/SB/Large
Facilities O&M	SB/Large
Fire Services	8(a)/Municipalities
ODEO/EEO	SB/Large
IT Services	8(a)/SB/Large
Logistics Services	8(a)/SB/Large
Safety and Mission Assurance	SB/Large
Technology Transfer	SB/Large
Environmental Compliance	SB/Large
Environmental Remediation & Associated AE Services	SB/Large

Additional PSLs: Utilities and Utility Services, Energy Savings Services (ESS), and Subscriptions

JSC Procurement Overview

- ▶ ~150 people across 6 divisions
- ▶ ~\$4.4B obligated in FY24
- ▶ Cumulative portfolio value of ~\$150B
- ▶ Processed ~2,200 transactions in FY24
- ▶ Largest JSC contractors by FY24 spend
 - Lockheed Martin Orion (\$967M)
 - KBR Wyle HHPC & FOD (\$488M)
 - Northrop Grumman ISS & Gateway (\$419M)
 - Boeing ISS (\$347M)
 - Jacobs JETS (\$327M)
- ▶ ~\$709M direct prime to small business in FY24 (SDB, WOSB, SDVOSB, HubZone)

Appendix A – Enterprise Procurement Strategies

APPENDIX A
ENTERPRISE PROCUREMENT STRATEGIES

TABLE OF CONTENTS

A-100	Purpose.
A-101	Definitions.
A-102	Enterprise Procurement Strategies.
A-102.1	Acquisition of helium, hydrogen, nitrogen, oxygen, other propellants and aerospace fluids.
A-102.2	Information Technology Services.
A-102.3	Protective Services.
A-102.4	Acquisition Support Services.
A-102.5	Subscription Purchases.
A-102.6	Human Capital Services.
A-102.7	Aircraft Operational Support Services.
A-102.8	Financial Support Services.
A-102.9	Project Planning and Control Services.
A-102.10	Custodial Services.
A-102.11	Grounds Maintenance Services.
A-102.12	Logistics Services.
A-102.13	Construction.
A-102.14	Architect-Engineer Services Not Associated with Environmental Restoration.
A-102.15	Environmental Restoration and Associated Architect-Engineer and Construction Services.
A-102.16	Environmental Compliance and Associated Operations and Maintenance.
A-102.17	Communication Services.
A-102.18	OSTEM Services.
A-102.19	Fire Services.
A-102.20	Facilities Operations & Maintenance Services.
A-102.21	Safety and Mission Assurance (SMA) Support Services.
A-102.22	Engineering Services.
A-102.23	Technology Transfer Services.
A-102.24	Office of Diversity and Equal Opportunity/Equal Employment Opportunity (ODEO/EEO) Services.
A-102.25	Administrative Services.
A-102.26	Utilities and Utility Services.
A-102.27	Energy Performance Contracts (EPCs)
A-102.28	Occupational Health Services

Doing business with NASA

Exciting News: NASA Mentor-Protégé Program Relaunches!

We are thrilled to announce the relaunch of the NASA Mentor-Protégé Program (MPP), effective November 1, 2024! After undergoing a strategic review and temporary moratorium, the MPP has been revamped to better serve the needs of small businesses and align with NASA's 2040 Vision.

What's New?
Needs-Based Approach: The enhanced MPP will now focus on addressing NASA's supply chain gaps, ensuring that the program meets mission-critical needs.
Strategic NAICS Codes: The program will prioritize subcontracts for protégés under specific NAICS codes that align with the Space Technology Mission Directorate (STMD) Technology Taxonomies, emphasizing areas such as **Research & Development (R&D), Software/Information Technology, and Aerospace Manufacturing.**
Inclusivity Expansion: All small businesses, including **AbilityOne, Historically Black Colleges and Universities (HBCUs), and Minority Serving Institutions (MSIs)**, are now eligible to participate as protégés, fostering a more diverse environment for collaboration with NASA.

The relaunch of the NASA Mentor-Protégé Program represents our commitment to supporting small businesses and driving innovation for NASA's future missions.

Stay Connected!
For more information about the revamped MPP or the upcoming relaunch, please feel free to reach out to Mr. David E. Brock, NASA MPP Program Manager, at MSFC-NASAMentorProtégeProgram@mail.nasa.gov or via phone (256)-544-7768.

OFFICE OF SMALL BUSINESS PROGRAMS
...where small business makes a **BIG** difference

COLLABORATION

Collaboration

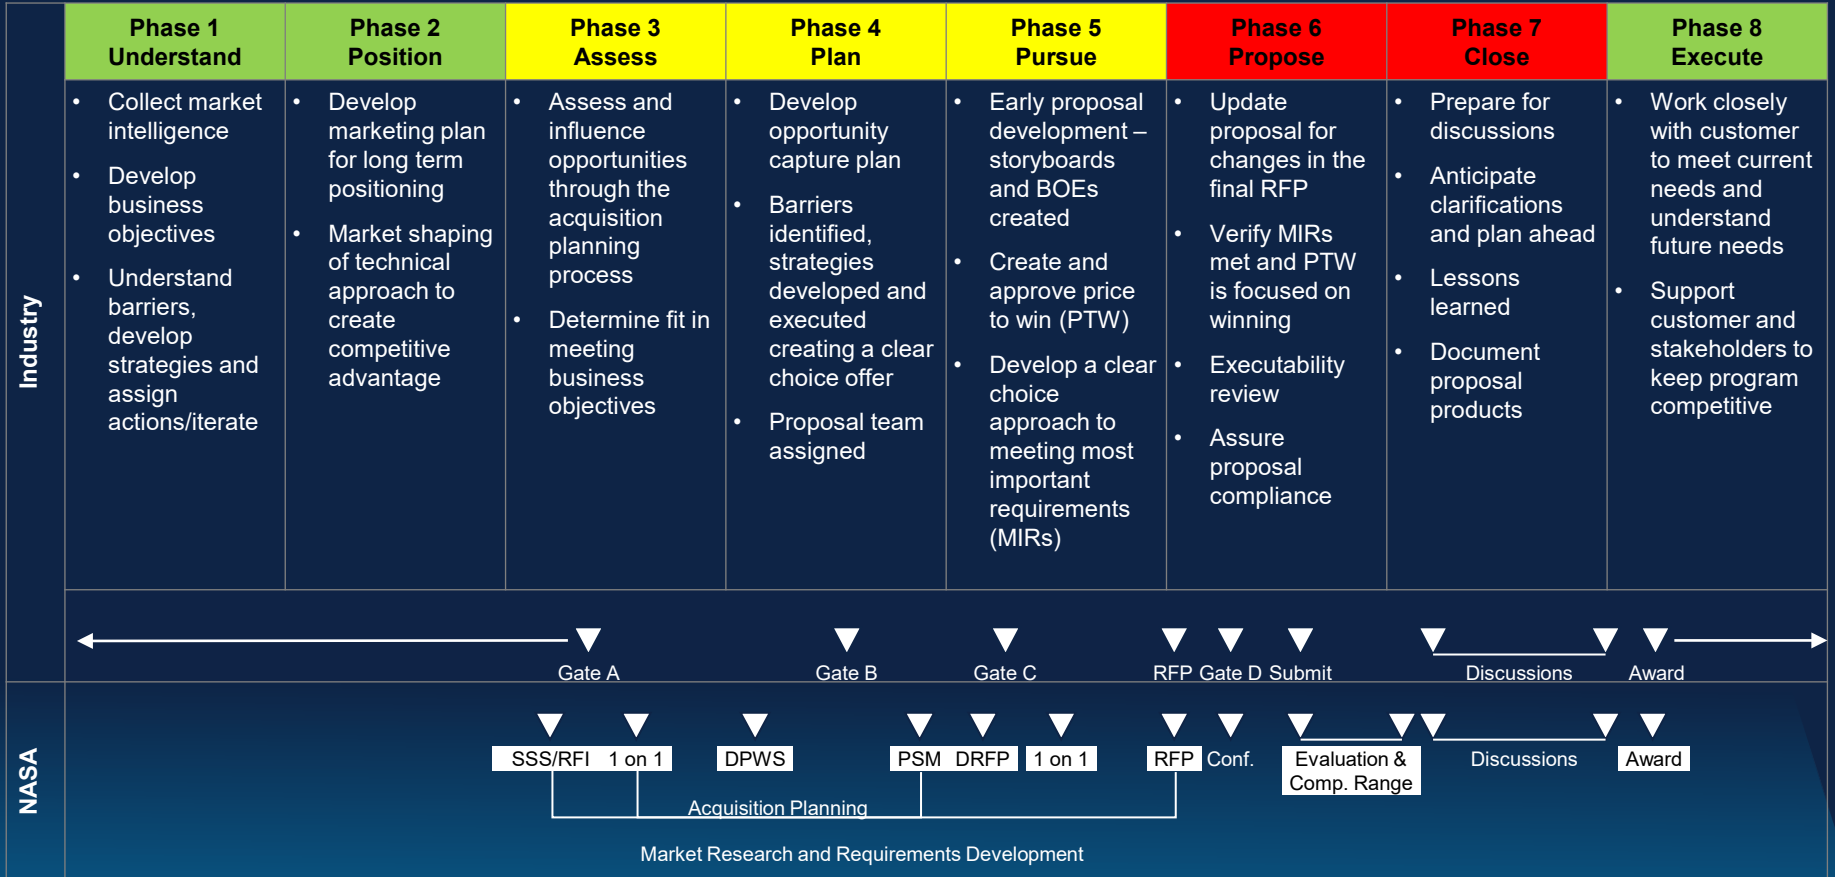

- Engagement Blueprint for Acquisition Community rolled out to OP Enterprise in 2024
- Objectives
 - Enhance meaningful conversations across NASA/Industry throughout acquisition lifecycle
 - Inform industry earlier on NASA opportunities for investment, partnering and bid decisions
 - Enable better requirement definition to meet NASA needs with industry capabilities

Collaboration

Improving Collaboration & Communication Throughout Acquisition Lifecycle

INITIATIVES

JSC Source Selection Initiatives

1. Optimized RFPs to Increase Competition and Reduce Proposal Development Burden
 - Enhancing communication with industry pre & post solicitation on contract structure and requirements
 - Mission Suitability Approach
 - Focus on discriminators
 - Reduced Page Counts
 - Reverse Industry Days
2. Planning a collaborative NASA/Industry Acquisition Workshop for 2025
