ABOUT ME

I grew up in Prince George's County, MD. I graduated from the University of Maryland, College Park, receiving a B.S. in Kinesiology. While attending UMD, I worked closely with the Athletics Department in the Sports Nutrition sector for both Men's Soccer and Women's Volleyball. Since I was young, I have been an avid soccer player and I enjoy playing and watching in my free time. Currently, I attend Towson University working on my masters degree.
