Preface	iii
Acronyms and Abbreviations	xiii
Introduction	1
Part 1—Soyuz	3
1.1 General Description	3
1.2 Historical Overview	3
1.2.1 First Prospectus for Circumlunar Travel (1962)	3
1.2.2 Second Prospectus for Circumlunar Travel (1963)	4
1.2.3 Polyot 1 and 2 (1963-1964)	5
1.2.4 Manned Lunar Program (1964-1976)	5
1.2.5 Salyut 1 (1970-1971)	6
1.2.6 Early Soyuz Ferry (1973-1977)	6
1.2.7 Apollo-Soyuz Test Project (1973-1976)	6
1.2.8 Progress and Soyuz (1977-Present)	6
1.2.9 Soyuz Generations	7
1.2.10 Crew Code Names	7
1.3 The Original Soyuz (1966-1970)	8
1.3.1 Original Soyuz Specifications	9
1.3.2 Original Soyuz Notable Features	9
1.3.3 Original Soyuz Mission Descriptions	10
1.4 L1 (Zond): Circumlunar Spacecraft (1967-1969)	12
1.4.1 L1 Specifications	13
1.4.2 L1 Notable Features	13
1.4.3 L1 Mission Descriptions	14
1.5 L2 (Lunar Orbit Module): Lunar Mission Command Ship (1971-1974)	16
1.5.1 L2 Specifications	17
1.5.2 L2 Notable Features	17
1.5.3 L2 Mission Descriptions	18
1.6 L3: Lunar Lander (1970-1974)	19
1.6.1 L3 Specifications	19
1.6.2 L3 Notable Features	20
1.6.3 L3 Mission Descriptions	21
1.7 Salyut 1-Type Soyuz (1971)	22
1.7.1 Salyut 1-Type Soyuz Specifications	23

1.7.2 Salyut 1-Type Soyuz Notable Features	23
1.7.3 Salyut 1-Type Soyuz Mission Descriptions	23
1.8 Soyuz Ferry (1973-1981)	24
1.8.1 Soyuz Ferry Specifications	24
1.8.2 Soyuz Ferry Notable Features	24
1.8.3 Soyuz Ferry Detailed Description	24
1.8.4 Soyuz Ferry Mission Descriptions	26
1.8.4.1 Soyuz Ferry Test Missions	26
1.8.4.2 Soyuz Ferry Missions to Salyut 3	27
1.8.4.3 Soyuz Ferry Missions to Salyut 4	27
1.8.4.4 Soyuz Ferry Missions to Salyut 5	28
1.8.4.5 Soyuz Ferry Missions to Salyut 6	29
1.9 ASTP Soyuz (1974-1976)	33
1.9.1 ASTP Soyuz Specifications	33
1.9.2 ASTP Soyuz Notable Features	33
1.9.3 ASTP Soyuz Mission Descriptions	34
1.10 Progress (1975-1990)	36
1.10.1 Progress Specifications	36
1.10.2 Progress Notable Features	36
1.10.3 Progress Detailed Description	36
1.10.4 Progress Mission Descriptions	37
1.10.4.1 Progress Test Mission to Salyut 4	37
1.10.4.2 Progress Missions to Salyut 6	38
1.10.4.3 Progress Missions to Salyut 7	39
1.10.4.4 Progress Missions to Mir	40
1.10.5 Progress-Derived Space Station Modules	41
1.11 Progress-M (1989-Present)	43
1.11.1 Progress-M Specifications	43
1.11.2 Progress-M Notable Features	43
1.11.3 Progress-M Mission Descriptions	44
1.12 Soyuz-T (1976-1986)	47
1.12.1 Soyuz-T Specifications	47
1.12.2 Soyuz-T Notable Features	47
1.12.3 Soyuz-T Mission Descriptions	48
1.12.3.1 Soyuz-T Test Missions	48
1.12.3.2 Soyuz-T Missions to Salyut 6	48
1.12.3.3 Soyuz-T missions to Salyut 7	49
1.12.3.4 Soyuz-T Mission to Salyut 7 and Mir	52
1.13 Soyuz-TM (1986-Present)	53

1.13.1 Soyuz-TM Specifications	53
1.13.2 Soyuz-TM Notable Features	53
1.13.3 Soyuz-TM Mission Descriptions	54
1.14 References for Part 1	60
Part 2 Almaz, Salyut, and Mir	63
2.1 Overview	63
2.1.1 Early Concepts (1903, 1962)	63
2.1.2 Almaz: Conception (1964-1967)	63
2.1.3 First Space Stations (1970-1974)	63
2.1.4 Almaz: Cancellation (1970-1980)	64
2.1.5 Almaz: Conversion (1980-1993)	65
2.1.6 Shuttle-Salyut (1973-1978; 1980s)	65
2.1.7 Second-Generation Stations: Salyut 6 and Salyut 7 (1977-1986)	66
2.1.8 Third-Generation Station: Mir (1986-present)	66
2.2 Salyut 1/DOS-1 (April 19-October 11, 1971)	66
2.2.1 Salyut 1 Specifications	66
2.2.2 Salyut 1 Notable Features	67
2.2.3 Salyut 1 Career	67
2.3 Failed Salyuts (1972-1973)	68
2.3.1 DOS-2 (July 29, 1972)	68
2.4 Salyut 3/Almaz 2 (June 24, 1974-January 24, 1975)	68
2.3.2 Salyut 2/Almaz 1 (April 3-May 28, 1973)	68
2.3.3 Cosmos 557/DOS-3 (May 11-22, 1973)	68
2.4.1 Salyut 3 Specifications	69
2.4.2 Salyut 3 Notable Features	69
2.4.3 Salyut 3 Career	70
2.5 Salyut 4/DOS-4 (December 26, 1974-February 2, 1977)	70
2.5.1 Salyut 4 Specifications	70
2.5.2 Salyut 4 Notable Features	71
2.5.3 Salyut 4 Career	72
2.6 Salyut 5/Almaz 3 (June 22, 1976-August 8, 1977)	73
2.6.1 Salyut 5 Specifications	73
2.6.2 Salyut 5 Notable Features	73
2.6.3 Salyut 5 Career	73
2.7 Salyut 6/DOS-5 (September 29, 1977-July 29, 1982)	74
2.7.1 Salyut 6 Specifications	75
2.7.2 Salyut 6 Notable Features	75
2.7.3 Salyut 6 Career	76

2.7.3.1 Salyut 6 Principal Expedition 1	77
2.7.3.2 Salyut 6 Principal Expedition 2	79
2.7.3.3 Salyut 6 Principal Expedition 3	81
2.7.3.4 Salyut 6 Principal Expedition 4	84
2.7.3.5 Salyut 6 Principal Expedition 5	87
2.7.3.6 Salyut 6 Principal Expedition 6	88
2.8 Salyut 7/DOS-6 (April 19, 1982-February 7, 1991)	90
2.8.1 Salyut 7 Specifications	90
2.8.2 Salyut 7 Notable Features	90
2.8.3 Salyut 7 Career	90
2.8.3.1 Salyut 7 Principal Expedition 1	91
2.8.3.2 Salyut 7 Principal Expedition 2	95
2.8.3.3 Salyut 7 Principal Expedition 3	97
2.8.3.4 Salyut 7 Principal Expedition 4	99
2.8.3.5 Salyut 7 Principal Expedition 5	101
2.8.3.6 Salyut 7 Principal Expedition 6	102
2.9 Mir/DOS-7 (February 19, 1986-present)	103
2.9.1 Mir Specifications	104
2.9.2 Mir Base Block Detailed Description and Notable Features	105
2.9.3 Mir Career to Date	107
2.9.3.1 Mir Principal Expedition 1 (Salyut 7 Principal Expedition 6)	107
2.9.3.2 Mir Principal Expedition 2 (a)	109
2.9.3.3 Mir Principal Expedition 2 (b)	112
2.9.3.4 Mir Principal Expedition 3	113
2.9.3.5 Mir Principal Expedition 4	116
2.9.3.6 Mir Principal Expedition 5	119
2.9.3.7 Mir Principal Expedition 6	122
2.9.3.8 Mir Principal Expedition 7	126
2.9.3.9 Mir Principal Expedition 8	127
2.9.3.10 Mir Principal Expedition 9	130
2.9.3.11 Mir Principal Expedition 10	132
2.9.3.12 Mir Principal Expedition 11	135
2.9.3.13 Mir Principal Expedition 12	136
2.9.3.14 Mir Principal Expedition 13	138
2.9.3.15 Mir Principal Expedition 14	141
2.9.3.16 Mir Principal Expedition 15	143
2.9.3.17 Mir Principal Expedition 16	146
2.9.3.18 Mir Principal Expedition 17	147
2.10 References for Part 2	150

Part 3 Space Station Modules	155
3.1 General Description	155
3.2 Detailed Overview (1962-Present)	155
3.2.1 The Beginning of Soviet Multimodular Space Stations (1962-1964)	155
3.2.2 TKS (1970-1978).....	156
3.2.3 Space Station Modules (1985-Present)	157
3.2.4 Space Tugs (1987-Present)	157
3.3 TKS (1976-1983)	158
3.3.1 TKS Specifications	158
3.3.2 TKS Notable Features	158
3.3.4 TKS Missions	159
3.4 Cosmos 1686	160
3.4.1 Cosmos 1686 Specifications	160
3.4.2 Cosmos 1686 Notable Features	161
3.5 Kvant	162
3.5.1 Kvant Specifications	162
3.5.2 Kvant Notable Features	162
3.6 Kvant 2	163
3.6.1 Kvant 2 Specifications	163
3.6.2 Kvant 2 Notable Features	164
3.7 Kristall	166
3.7.1 Kristall Specifications	166
3.7.2 Kristall Notable Features	166
3.8 Space Tugs	167
3.8.1 Kvant Functional Service Module (1987-1988)	167
3.8.2 Polyus Service Module (1987)	168
3.9 References for Part 3	170
Part 4 Comparative Chronology of U. S. and Soviet/Russian Manned Spaceflight	171
Index	197

Figures

Figure	Page
1-1 Soyuz evolution.	2
1-2 L1 Soyuz manned circumlunar concept (1962).	3
1-3 Vostok rocket.	4
1-4 Soyuz-A manned spacecraft concept (1963).	4
1-5 Soyuz A-B-C circumlunar concept.	5
1-6 Original Soyuz spacecraft.	8
1-7 Soyuz rocket.	8
1-8 Original Soyuz probe and drogue docking system.	9
1-9 L1 (Zond) circumlunar spacecraft.	12
1-10 Proton configured for L1 (Zond).	13
1-11 L2 (Lunar Orbit Module).	16
1-12 N-1/L3 lunar mission profile.	16
1-13 N-1 rocket configured for lunar flight.	17
1-14 Lunar rocket system	17
1-15 Kontakt docking system.	18
1-16 L3 lunar lander.	19
1-17 L3 ascent.	20
1-18 Salyut 1-type Soyuz.	22
1-19 Soyuz internal transfer docking unit.	22
1-20 Soyuz Ferry.	24
1-21 Apollo-Soyuz Test Project (ASTP) Soyuz.	33
1-22 APAS-75 docking unit.	34
1-23 Apollo and Soyuz join in space.	35
1-24 Progress logistics resupply spacecraft.	36
1-25 Progress-based Gamma astrophysical research satellite.	42
1-26 Progress-M logistics resupply spacecraft	43
1-27 Ballistic return capsule (Raduga)	43
1-28 Soyuz-T spacecraft.	47
1-29 Soyuz launch pad abort sequence.	51
1-30 Soyuz-TM spacecraft.	53

2-1	Station evolution.....	62
2-2	Conceptual drawing of Siber multimodule space station and Siber ferry (1962).	63
2-3	Salyut 1.....	64
2-4	Partial cutaway of Proton configured for space station launch.	64
2-5	Almaz radar satellite.....	65
2-6	Conceptual drawing of Shuttle docked with Salyut.	65
2-7	Salyut 3, the first successful Almaz space station.	68
2-8	Salyut 4, the second DOS station.	71
2-9	Salyut 6, the third DOS station.....	74
2-10	Key to icons.	76
2-11	Mir base block.	103
2-12	The Mir complex as of March 1, 1994, with docked Progress-M and Soyuz-TM spacecraft.	104
2-13	Altair/SR relay satellite.	106
2-14	Mir base block and Kvant (1987).....	110
2-15	Mir base block, Kvant, and Kvant 2 (1989).....	120
2-16	Mir base block, Kvant, Kvant 2, and Kristall (1990).....	124
2-17	Mir base block, Kvant, Kvant 2, and Kristall (1994).....	144
3-1	Station modules and tugs evolution.	154
3-2	FGB.	155
3-3	TKS.....	156
3-4	Merkur capsule.....	156
3-5	Cutaway of TKS vehicle.....	158
3-6	Cosmos 1686.	160
3-7	Cosmos 1686 and Salyut 7.	161
3-8	Kvant module.	162
3-9	Kvant 2 module.	164
3-10	Lyappa arm.	165
3-11	Repositioning Kvant module using Lyappa arm.	165
3-12	Kristall module.....	166
3-13	APAS-89 androgynous docking unit.	166
3-14	Kvant and FSM.....	167
3-15	Polyus cutaway.	168
3-16	Polyus satellite on Energia launch vehicle.....	169

4-1	Saturn V and N-1.	174
4-2	L3 and Apollo LM.	175
4-3	Apollo CSM and L2.	176
4-4	Space Shuttle Orbiter and Soyuz-TM.....	182
4-5	Soyuz rocket, Space Shuttle, and Energia-Buran.	189
