

NONREIMBURSABLE SPACE ACT UMBRELLA AGREEMENT BETWEEN
THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION LYNDON B.
JOHNSON SPACE CENTER
AND THE BOARD OF REGENTS OF THE UNIVERSITY SYSTEM OF GEORGIA,
BY AND ON BEHALF OF, GEORGIA INSTITUTE OF TECHNOLOGY FOR
COLLABORATIVE STEM ACTIVITIES

ARTICLE 1. AUTHORITY AND PARTIES

In accordance with the National Aeronautics and Space Act (51 U.S.C. § 20113(e)), this Agreement is entered into by the National Aeronautics and Space Administration Lyndon B. Johnson Space Center, located at 2101 NASA Parkway, Houston, Texas 77058 (hereinafter referred to as "NASA" or "NASA JSC") and THE BOARD OF REGENTS OF THE UNIVERSITY SYSTEM OF GEORGIA, BY AND ON BEHALF OF, GEORGIA INSTITUTE OF TECHNOLOGY, CENTER FOR SPACE TECHNOLOGY AND RESEARCH located at Georgia Institute of Technology, Atlanta, GA 30332-0002 (hereinafter referred to as "Partner" or "GA Tech"). NASA and Partner may be individually referred to as a "Party" and collectively referred to as the "Parties."

ARTICLE 2. PURPOSE AND IMPLEMENTATION

This Umbrella Agreement (hereinafter referred to as the "Agreement" or "Umbrella Agreement") shall be for the purpose of GA Tech and NASA (all NASA Centers including HQ) working collaboratively to facilitate joint research, workforce development, STEM engagement and training, technology transfer, technology development, informal education, and outreach initiatives. NASA has established the following goals for collaboration with universities:

- Enhance NASA Research and Technology Development Capabilities with strong university collaborations aligned to the agency's priority technology development and research needs
- Establish Innovative University Partnerships that strengthen relationships to leverage NASA and university resources for mutual strategic benefits
- Engage universities in STEM engagement activities and enhance university student participation in NASA internships, fellowships, design challenges and STEM competitions.

These joint activities will be pursued through GA Tech's undergraduate, graduate, and postdoctoral programs and other relevant research programs focusing on science and technology, topics and disciplines of interest to NASA. Through this outreach, GA Tech will enrich the experiences of its students, faculty, and alumni, gain valuable insights into the academic needs of the aerospace industry, and relevant information about NASA and its activities. Additionally, GA Tech will enhance the overall educational experience of its students through active participation in educational outreach opportunities. Students will gain real-world experience and interact with NASA subject matter experts. Faculty

will gain opportunities to participate in NASA research and technology initiatives, technology transfer programs, and access to unique NASA facilities and laboratories. Areas of collaboration may include specific research and technology needs and other relevant initiatives that support the agency or Center programs (such as ISS, Artemis, Commercial Crew, Science and Aeronautics and other such future endeavors).

NASA desires collaborations in broad space technologies and sciences including disciplines such as aerospace engineering, aeronautics, Earth and space science, advanced technology and materials, radiation science and technology, human health and performance in Space, mission operations, space sciences, manufacturing methodologies, and computer and information/data science and mission support disciplines including business, human resources, and ground operations.

The Parties shall execute one (1) Annex Agreement (hereinafter referred to as the "Annex") concurrently with this Umbrella Agreement. The Parties may execute subsequent Annexes under this Umbrella Agreement consistent with the purpose and terms of this Umbrella Agreement. This Umbrella Agreement shall govern all Annexes executed hereunder; no Annex shall amend this Umbrella Agreement. Nevertheless, Annexes may include an additional sentence to Article 8.C. (titled "Liability"), in standard approved form, which shall be applicable solely to the activities conducted under such Annex. Each Annex will detail the specific purpose of the proposed activity, responsibilities, schedule and milestones, and any personnel, property or facilities to be utilized under the task. This Umbrella Agreement takes precedence over any Annexes. In the event of a conflict between the Umbrella Agreement and any Annex concerning the meaning of its provisions, and the rights, obligations and remedies of the Parties, the Umbrella Agreement is controlling.

ARTICLE 3. RESPONSIBILITIES

A. NASA JSC will use reasonable efforts to:

1. Provide support of projects undertaken in any Annex;
2. Provide internal coordination of approvals for Annexes;
3. Provide for a single point of contact for Annex development and operations.

B. Partner will use reasonable efforts to:

1. Provide support of projects undertaken in any Annex;
2. Provide internal coordination of approvals for Annexes;
3. Provide for a single point of contact for Annex development and operations.

ARTICLE 4. SCHEDULE AND MILESTONES

The planned major milestones for the activities defined in the "Responsibilities" Article are as follows: (to be implemented following the establishment of the agreement)

- 1) NASA and GA Tech will provide a single point of contact for oversight of this Agreement.
- 2) Immediately following execution of Agreement NASA and GA Tech will communicate to the components and offices of the organization the establishment of this Umbrella Agreement and its purpose.
- 3) NASA and GA Tech will share facilities and research capabilities information within 120 days.

Within the first 90 days of the establishment of Agreement.

The Parties shall execute one (1) Annex concurrently with this Umbrella Agreement. The initial Annex and any subsequent Annexes will be performed on the schedule and in accordance with the milestones set forth in each respective Annex.

ARTICLE 5. FINANCIAL OBLIGATIONS

There will be no transfer of funds between the Parties under this Agreement and each Party will fund its own participation. All activities under or pursuant to this Agreement are subject to the availability of funds, and no provision of this Agreement shall be interpreted to require obligation or payment of funds in violation of the Anti-Deficiency Act, (31 U.S.C. § 1341).

ARTICLE 6. PRIORITY OF USE

Any schedule or milestone in this Agreement is estimated based upon the Parties' current understanding of the projected availability of NASA goods, services, facilities, or equipment. In the event that NASA's projected availability changes, Partner shall be given reasonable notice of that change, so that the schedule and milestones may be adjusted accordingly. The Parties agree that NASA's use of the goods, services, facilities, or equipment shall have priority over the use planned in this Agreement. Should a conflict arise, NASA in its sole discretion shall determine whether to exercise that priority. Likewise, should a conflict arise as between two or more non-NASA Partners, NASA, in its sole discretion, shall determine the priority as between those Partners. This Agreement does not obligate NASA to seek alternative government property or services under the jurisdiction of NASA at other locations.

ARTICLE 7. NONEXCLUSIVITY

This Agreement is not exclusive; accordingly, NASA may enter into similar agreements for the same or similar purpose with other private or public entities.

ARTICLE 8. LIABILITY

A. Each Party hereby waives any claim against the other Party or one or more of its Related Entities (defined below) for any injury to, or death of, the waiving Party or one or more of its Related Entities, or for damage to, or loss of, the waiving Party's property or the property of its Related Entities arising from or related to activities conducted under this Agreement, whether such injury, death, damage, or loss arises through negligence or otherwise, except in the case of willful misconduct.

B. Partner further agrees to extend this waiver to its related entities by requiring them, by contract or otherwise, to waive all claims against NASA and its Related Entities for injury, death, damage, or loss arising from or related to activities conducted under this Agreement. For purposes of this Agreement, "Related Entities" shall mean contractors and subcontractors of a Party at any tier; grantees, investigators, customers, and users of a Party at any tier and their contractors or subcontractor at any tier; or, employees of the Party or any of the foregoing.

Claims made by a natural person, his/her estate, survivors, or anyone claiming by or through him/her (except when such person or entity is a Party to this Agreement or is otherwise bound by the terms of this waiver) for bodily injury to, or other impairment of health of, or death of, such person;
- iii. Claims for damage caused by willful misconduct;
- iv. Intellectual property claims;
- v. Claims for damage resulting from a failure of a Party to extend the waiver of liability to its Related Entities, pursuant to paragraph B of this Article; or
