

REIMBURSABLE SPACE ACT AGREEMENT
BETWEEN
THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
LYNDON B. JOHNSON SPACE CENTER
AND KBR WYLE SERVICES, LLC
FOR TRAINING AND MISSION SUPPORT SERVICES.

ARTICLE 1. AUTHORITY AND PARTIES

In accordance with the National Aeronautics and Space Act (51 U.S.C. § 20113(e)), this Agreement is entered into by the National Aeronautics and Space Administration Lyndon B. Johnson Space Center, located at 2101 NASA Parkway, Houston, Texas 77058 (hereinafter referred to as "NASA" or "NASA JSC") and KBR WYLE SERVICES, LLC located at 8120 Maple Lawn Blvd, Fulton, MD 20759-2701 (hereinafter referred to as "Partner" or "KBR"). NASA and Partner may be individually referred to as a "Party" and collectively referred to as the "Parties."

ARTICLE 2. PURPOSE

NASA JSC and KBR wish to create a vendor partner* agreement in which KBR is a vendor partner to NASA JSC providing spaceflight operation services (plan/train/fly), vehicle design and development services, technical administrative services, and graphics and duplication services. NASA JSC conducted a full and open competition under the Federal Acquisition Regulation (FAR) to procure mission and flight crew operations support, including critical plan, train, and fly mission support services, operational expertise, and related services for the JSC Flight Operations Directorate (FOD). Through that competitive process, NASA JSC selected KBR to perform this work under contract No. 80JSC023DA004, the Integrated Mission Operations Contract (IMOC) III. Clause H.10 Non-Government Use of FOD Capabilities of IMOC III provides that the Government (through NASA) may allow non-government use of unique capabilities, such as property (real and personal), equipment, software and technical capabilities, by the contractor under this contract. This Agreement shall define the terms, conditions, and benefits to the Government for KBR's non-Government use of NASA's facilities. With the exception of Articles 8 Liability and 11 Liability-Insurance of this Agreement, in case of any conflict between this Agreement and the IMOC III contract, the terms of IMOC III shall take precedence.

This agreement will allow non-government use of NASA facilities and capabilities, such as property (real and personal), equipment, software, and technical operations products and capabilities. The scope of work for non-government business use includes business development for International Space Station and commercialization of human spaceflight operations efforts, not to exceed current contract(s) end dates.

This agreement will help NASA JSC keep its unique facilities and/or resources utilized to the maximum extent practicable, provide a convenient avenue for commercial access to

unique JSC facilities and/or resources, reduce the need for NASA to negotiate individual agreements with each commercial entity, and achieve cost savings for NASA.

* A vendor partner for the purposes of this agreement is defined as a commercial company holding contracts with NASA that enters into a separate business arrangement for the provision of relevant services to other commercial entities.

ARTICLE 3. RESPONSIBILITIES

NASA will use reasonable efforts to:

1. Provide use of existing office space, conference rooms, phones, and IT hardware/software (laptop, software, printers, servers, supplies, etc.)
2. Provide NASA developed human spaceflight operations products including but not limited to lesson material and operations products that have been appropriately marked for export to non-U.S. citizens
3. Provide tailored NASA mission facility and training facility prioritization that allows commercial operations to be integrated with existing NASA processes
4. Provide access to the Private Astronaut Network (PAN)
5. Provide access to NASA facilities for commercial entities with or seeking an approved NASA training services agreement except during Center closures for emergencies in accordance with the NASA International Space Station (ISS) Private Astronaut Mission (PAM) Visitor Request Process
6. Provide access and use of software tools including but not limited to the Fox Training Management System that tracks training performance throughout the training flow(s)
7. Inform Partner of all current customers that have a PAM commercial services agreement with NASA and provide concurrence for any customers without a PAM commercial services agreement
8. Review and concur on the Partner provided organizational conflicts of interest (OCI) assessments and mitigation plans

KBR will use reasonable efforts to:

1. Enter into commercial agreements in a fair and equitable manner to support all entities that have or are seeking to have Private Astronaut Mission (PAM) commercial services agreements with NASA for astronaut training
2. Provide a quarterly Commercial Operations Report of current and potential future customers to include reimbursement estimates for the upcoming two quarters (by month), and a list of charge codes reported in Athena for work performed as the vendor partner
3. Provide appropriate email solutions to KBR customers with approved PAM agreements
4. Inform NASA of all requests by third parties for FOD facility access including but not limited to tours and facilitate these requests in the order in which they were received.

5. Identify, resolve, and report to NASA all potential organizational conflicts of interest (OCI) through the process defined in the IMOC III Organizational Conflicts of Interest Plan (DRD MGMT-06).
6. Inform NASA prior to commencement of commercial agreements with third parties utilizing services under this agreement
7. Inform NASA of any changes to the administration of this agreement
8. Provide proof of insurance in the amount of \$5,000,000 per occurrence and in the aggregate for third party property damage and liability in accordance with article 11

A. Partner agrees to reimburse NASA an estimated cost of \$125,000 for NASA to carry out its responsibilities under this Agreement. In no event will NASA transfer any U.S. Government funds to Partner under this Agreement. Payment must be made by Partner in advance of initiation of NASA's efforts on behalf of the Partner. Payments will be made when required in accordance with the Commercial Operations Report, providing advanced funding to satisfy at least 1 quarter estimate prior to the quarters start. Each payment shall be marked with Johnson Space Center, KBR (SAA 40666)

B. Payment shall be payable to the National Aeronautics and Space Administration through the NASA Shared Services Center (NSSC) (choose one form of payment):

(1) U.S. Treasury FEDWIRE Deposit System, Federal Reserve Wire Network Deposit System;

(2) pay.gov at <https://www.nasa.gov/specials/nssc-pay/> and select the appropriate NASA Center for the agreement from the drop down; or

(3) check. A check should be payable to NASA and sent to:

Building 1111,
Jerry Hlass Rd.,
Stennis Space Center, MS 39529

Payment by electronic transfer (#1 or #2, above), is strongly encouraged, and payment by check is to be used only if circumstances preclude the use of electronic transfer. All payments and other communications regarding this Agreement shall reference the Center name, title, date, and number of this Agreement.

C. NASA will not provide services or incur costs beyond the existing payment. Although NASA has made a good faith effort to accurately estimate its costs, it is understood that NASA provides no assurance that the proposed effort under this Agreement will be accomplished for the above estimated amount. Should the effort cost more than the estimate, Partner will be advised by NASA as soon as possible. Partner shall pay all costs incurred and has the option of canceling the remaining effort, or providing additional funding in order to continue the proposed effort under the revised estimate. Should this Agreement be terminated, or the effort completed at a cost less than the agreed-to estimated cost, NASA shall account for any unspent funds within (1) year after completion of all effort under this Agreement, and promptly thereafter return any unspent funds to Partner. Return of unspent funds will be processed via Electronic Funds Transfer (EFT) in accordance with 31 C.F.R. ARTICLE 6. PRIORITY OF USE

Any schedule or milestone in this Agreement is estimated based upon the Parties' current understanding of the projected availability of NASA goods, services, facilities, or equipment. In the event that NASA's projected availability changes, Partner shall be given reasonable notice of that change, so that the schedule and milestones may be adjusted accordingly. The Parties agree that NASA's use of the goods, services, facilities, or equipment shall have priority over the use planned in this Agreement. Should a conflict arise, NASA in its sole discretion shall determine whether to exercise that priority. Likewise, should a conflict arise as between two or more non-NASA Partners,

NASA, in its sole discretion, shall determine the priority as between those Partners. This Agreement does not obligate NASA to seek alternative government property or services under the jurisdiction of NASA at other locations.

ARTICLE 7. NONEXCLUSIVITY

This Agreement is not exclusive; accordingly, NASA may enter into similar agreements for the same or similar purpose with other private or public entities.

ARTICLE 8. LIABILITY

A. Partner hereby waives any claims against NASA or one or more of its Related Entities for any injury to, or death of, Partner or one or more of its Related Entities, or for damage to, or loss of, Partner's property or the property of its Related Entities, arising from or related to activities conducted under this Agreement, whether such injury, death, damage, or loss arises through negligence or otherwise, except in the case of willful misconduct. For purposes of this Agreement, "Related Entities" shall mean contractors and subcontractors of a Party at any tier; grantees, investigators, customers, and users of a Party at any tier and their contractors or subcontractor at any tier; or, employees of the Party or any of the foregoing.

B. Partner further agrees to extend this unilateral waiver to its related entities by requiring them, by contract or otherwise, to waive all claims against NASA and its Related Entities for injury, death, damage, or loss arising from or related to activities conducted under this Agreement. In the event the U.S. Government incurs any liability based upon Partner's failure to provide for the waiver by Partner's Related Entities set out above, Partner agrees to indemnify and hold the U.S. Government harmless against such liability, including costs and expenses incurred by the U.S. Government in defending against any suit or claim for liability by Partner's Related Entities.

C. In the event U.S. Government property is damaged as a result of activities conducted under this Agreement, except in the case of gross negligence or willful misconduct by NASA, Partner shall be solely responsible for the repair and restoration of such property subject to NASA direction. Prior to issuing such direction, NASA will consider input from Partner and other factors such as the extent to which damage was attributable to the activity and the respective responsibilities of each party as described in the agreement.

D. Notwithstanding the other provisions of this Article, the waiver of liability set forth in this section shall not be applicable to:

- i. Claims between Partner and its own Related Entity or between its own Related Entities;
- ii. Claims made by a natural person, his/her estate, survivors, or anyone claiming by or through him/her (except when such person or entity is a Party to this Agreement or is otherwise bound by the terms of this waiver) for bodily injury to, or other impairment of health of, or death of, such person;
- iii. Claims for damage caused by willful misconduct;

- iv. Intellectual property claims;
- v. Claims for damage resulting from a failure of Partner to extend the waiver of liability to its Related Entities, pursuant to paragraph B of this Article; or

In the event the U.S. Government incurs any liability based upon Partner's, or Partner's Related Entity's, use or commercialization of products or processes resulting from a Party's participation under this Agreement, Partner agrees to indemnify and hold the U.S. Government harmless against such liability, including costs and expenses incurred by the U.S. Government in defending against any suit or claim for such liability.

ARTICLE 11. LIABILITY - INSURANCE

A. Partner shall, at no cost to NASA, maintain throughout the term of the Agreement, insurance covering claims for bodily injury, personal injury, death, property damage, or other loss or damages arising from any activities conducted under this Agreement at such limits and upon such terms as are acceptable to NASA in its reasonable discretion, and shall provide NASA acceptable evidence of such insurance. Policy(ies) for property insurance must cover the cost of repair or replacement (as reasonably determined by NASA) of any U.S. Government property (real or personal) damaged as a result of activities conducted under this Agreement.

B. By signing this Agreement, Partner certifies that all insurance required under this Agreement is in effect, and is issued by companies with a credit rating of at least "A-" and a financial size category of at least "VIII" in the current edition of Best's Insurance Reports (or its equivalent successor, or, if there is no equivalent successor rating, otherwise mutually acceptable to the Parties) and are licensed to do and doing business in all states in which activities will be conducted under the Agreement. NASA is not obligated to provide access to its facilities or equipment under this Agreement until and unless the insurance required by this section is in effect. Any deductibles selected by Partner for any insurance coverage shall be the sole responsibility of Partner.
